GC Man Killed as Car Hits Abutment; 29 Weekend Mishaps

A Granite City man was killed as his car struck a bridge abutment and 13 other persons were injured in a series of 29 Quad-City area accidents reported during the holiday weekend.

Michael D. Ashby, 28, of 2066a Edison avenue, was killed early Thursday when his auto struck an abutment of the Norfolk & Western Railroad overpass in the 500 block of South Vandeventer avenue, St. Louis.

He was taken by ambulance to City Hospital No. 1, where he was pronounced dead upon arrival of internal injuries at 4:10 a.m. Thursday. An inquest is scheduled for today.

Police said that Mr. Ashby, driving north on Vandeventer, apparently lost control of the car and it struck the bridge abutment near the Vandeventer overpass of the Daniel Boone Expressway.

Motorists at the scene told police the local man had been seen a few minutes earlier slumped over the wheel of his parked auto, halted at the intersection of Vandeventer and Chestnut avenue.

When approached by a St. Louis motorist, Mr. Ashby reported that he was "all right." He said he apparently had fallen asleep, but could continue driving.

Born in St. Louis, Mr. Ashby had lived in Granite City the past 18 years and previously resided in Madison.

He attended St. Joseph's parochial school and graduated from Granite City high school. He was employed as a machinist at Rodell Equipment Co., St. Louis, and was a member of St. Joseph Catholic Church.

Surviving are two daughters and a son, Michele, seven, Daniel, five, and Tracy, three years old; his parents, Mr. and Mrs. (Continued on page 19, col. 4)

4-Room Addition To Lake School Being Studied

A tentative proposal for construction of four classrooms and two offices at Lake grade school for special education purposes was reviewed by the Granite City school board Wednesday night.

The addition would be built in a present parking area adjacent to the multi-purpose room. Additional parking space would be provided nearby.

The possibility of utilizing steel construction with brick veneer at the front is being studied. Tully A. Heubner, director of buildings and grounds, told the board. About 4500 square feet of floor space would be provided.

Portable classrooms were considered at one time as a means of expanding special education facilities, but a state ruling that they can be used only five years in one location makes this approach less economical, Heubner said.

Special education classes are taught currently at McKinley Wilson, Lake, Frohardt and Parkview grade schools. Central junior high school and Granite City high school. The law requires that all but trainable and multiply handicapped classes be taught at regular school campuses.

Provision for construction of special education classrooms was included in the fall 1959 tax levy for collection next spring.

An executive session was held with Architects Henry Gebel and Sylvester Dulerger to discuss fees and services related to proposed new physical education facilities.

Announcement Says He Will Seek Solutions, Foe Fosters Problems

Recollections of his boyhood in Granite City were in the thoughts of Ralph T. Smith today as the junior United States senator from Illinois announced that he will seek election to that office in 1970.

Speaking at a series of meetings at widely scattered points in the state, the Alton Republican made it official that he will run for the last four years of the unexpired term of the late Senator Everett M. Dirksen.

Smith is serving in that position by appointment of Governor Richard B. Ogilvie. Smith recalled that "many years ago, when I was a small boy in Granite City, I had a dream of going to Washington as a member of the U. S. Senate. Very few people have been granted the opportunity to fulfill their most cherished dreams. I have been given mine."

"I now have another dream—one that is more important to me and infinitely more important to you than the dream of a small boy in Granite City."

County Tax Levy Cut by Million By Supervisors

Despite a record high budget totaling \$6,592,054, the Madison County tax levy for the next fiscal year was cut by nearly \$1 million by the Madison county board of supervisors at its meeting Wednesday.

The board approved a proposal by its finance committee, headed by Nelson Hagnauer, Granite City township supervisor, to reduce the overall levy from \$4,450,558 to \$3,464,106, a decrease of \$986,452.

The tax cut was made possible by the county's share of new state income taxes and an increased share of sales taxes, as well as anticipated increases of excess fees in county departments.

The levy includes \$884,469 for general county purposes, a decrease of \$311,814, and \$2,579,637 for special purposes, a decrease of \$644,888. The special purposes levies include:

County tuberculosis sanatorium and clinic, \$314,570, down \$178,000; county highway, \$500,000, up \$35,000; county bridge, \$337,000, down \$13,000; county retirement, \$410,000 (none listed last year); audit, \$13,000, same; veterans assistance, \$31,760, up \$16,210; Civil Defense, \$54,274, down \$11,400.

Museum, \$18,305, down \$270; maps and plats, \$71,590, down \$580; federal aid highway matching fund, \$180,000, up \$30,000; community mental health, \$307,000, down \$26,100; detention home, \$164,048, down \$410,202; supervisor of assessments, \$10,500 (new); and elections, \$97,500, up \$24,544.

As shown above, the largest decreases in the special fund levies are for juvenile detention home purposes, down \$410,202 as construction of the facility was completed in the last fiscal year, and the TB sanatorium fund, down \$178,000 because of a large surplus and the closure of a full-time sanatorium. An out-patient clinic is now being operated, and a new TB clinic structure is being planned.

The budget of \$6,592,054 was increased by \$835,157 and provides \$44 monthly salary increase for county employees and staff increases in the sheriff's department, state's attorney's office and the public defender's department.

Bandits, Burglars Active over Long Weekend Here

Tavern Owner Struck, Robbed; \$200 Hobbed In Venice; Man Robbed

Three robberies, along with 16 burglaries and three auto thefts were reported to local authorities during the long holiday weekend.

A lone robber carrying a saved-off shotgun struck and injured a 78-year-old Madison tavern operator with the barrel of the gun about 8 p.m. Thursday, forced him to tell where his wallet was on the threat of a further beating and then fled with the wallet containing \$44, Madison police reported.

The victim, Tony Voloski, tavern at 500 State street, was treated at St. Elizabeth Hospital for a scalp cut, x-rayed and released.

Madison authorities said Voloski told them he was seated at a table in his tavern when the bandit, a Negro about 20 years old, entered the place and said "I want your money."

Voloski said the youth then struck him on the head with the barrel of the shotgun.

The robber walked behind the bar and opened the cash register which he found to be empty, officers quoted Voloski. The bandit then came back to the tavern operator, held the gun in a threatening manner as if to hit him again, and then told him where he could find Voloski's wallet. The youth obtained the wallet and left.

Voloski said the bandit was about 6 feet, one inch tall, light complexion, weighed about 140 pounds and wore a light jacket.

Magazine Agent Robbed
An unmasked bandit armed with a pistol took \$200 in cash and \$37 in checks in a daylight robbery in Venice about 3:40 p.m. Wednesday, police reported.

The robber escaped in an old model white automobile with a companion who stayed in the car while the holdup took place, officers said.

The victim was Dora Love, East St. Louis, a magazine salesman and agent for the Arcade News Co. of St. Louis who said she services the magazine accounts for Johnson's Drug store and Ewing's Drug store in North Venice.

She told Venice authorities she was driving to Ewing's Drug store and had noticed the white car pass her a short time before she made the stop on Klein street and turned right on Bissell street. The white car was parked on Bissell facing west, she said.

As she made the turn the bandit stopped her with a gun, took her purse and jumped back in the car, which headed west and turned south on Klein street. She identified the bandit as a Negro about 6 feet 4 inches tall, weighing 180 to 190 pounds. He was about 22 to 25 years old, wore a mustache and a leather coat, she said. His companion she said, apparently was of medium build and wore a leather coat.

Man Robbed of Wallet
An armed robbery occurred at 11 p.m. Saturday at 29th and State streets, where Fay Liddell, 4205 Kirkpatrick Homes, was forced to throw his wallet on the ground.

The tan billfold, containing only Liddell's Social Security card, was taken by the bandit, described as heavy set, about 19 years old, with black hair combed straight to the back.

The robber was armed with a chrome-plated pistol. Liddell had walked to the intersection to catch a bus, he informed police shortly after the robbery.

Burglars broke a window out of the south side of Steffing TV Shop, 402 Madison avenue, and stole a portable television set, Madison police reported.

Bandit Flees, Chased by Man He Tried to Rob

Provided with information by a witness to the attempted robbery and fight in the coin-operated laundry at Market and State street, police and sheriff's deputies later arrested a suspect who, police said, was identified by the victim as his attacker.

An intended robbery victim—a 57-year-old Granite City man—although severely injured in a pistol whipping and covered with blood, overpowered a youthful assailant in a Venice laundromat Thursday afternoon and chased the bandit four blocks down Market street to Washington avenue before the youth outran him.

Provided with information by a witness to the attempted robbery and fight in the coin-operated laundry at Market and State street, police and sheriff's deputies later arrested a suspect who, police said, was identified by the victim as his attacker.

Victim of the attack, officers said, was George E. Murphy, 57, of Rural Route One, Granite City. He was treated at St. Elizabeth Hospital for scalp and facial cuts and given x-rays before being released.

Murphy told Venice authorities he had gone to the laundromat shortly after 2 p.m. Thursday and some laundry. He said there was only one other person—a young woman—in the place when a youthful Negro entered the laundry about 2:30 p.m.

Threatened With Gun
The youth walked over to him, Murphy related, pulled a snub-nosed revolver from his pocket and placed it near Murphy's face.

"Give me your money, Murphy," the youth said as he said, "I will kill you."

The youth then struck Murphy along the left side of the head with the pistol, cutting his scalp and knocking him down.

Murphy said the youth then jumped on top of him and began wrestling with him, trying to get his hand in Murphy's pocket where he kept his wallet.

Unable to get the wallet, the youth struck Murphy twice again with the pistol. The struggle continued with both men on the floor until the youth, realizing he was fighting a losing battle, jumped to his feet and fled out the door on the south side of the building.

Local judges will be Gordon, Robert Hendrickson and Vincent Bischof.

S/Sgt. Cape Awarded Medal For Heroism in Vietnam

For heroism in military operations against a hostile force in Vietnam, S/Sgt. Charles E. Cape has been awarded his second Army Commendation Medal with a "V" device. It was learned here over the weekend.

S/Sgt. Cape, 28, son of S/Sgt. and Mrs. F. W. Cape, 1149 Highway 111, distinguished himself by heroic action on June 5 while serving as Battalion Advisory Team Operations Non-commissioned Officer in the 2nd Battalion, 7th Regiment, 2nd Infantry Division, Army of the Republic of Vietnam.

The medal citation states: "The Second Battalion on June 5 attacked a reinforced enemy battalion base area and came under intense artillery, mortar and heavy weapons fire. During the ensuing three-hour battle, Sgt. Cape repeatedly exposed himself six meters away but by moving about the battalion command post assisting the battalion commander and adjusting artillery, gunships and air-strikes."

"At one point, Sgt. Cape was shaken by a rocket that exploded six meters away but he remained in position and continued to adjust fire."

"As a result of his courageous actions, the Vietnamese unit was able to seize its objective and defeat a sizeable enemy force."

"S/Sgt. Cape's heroic actions were in keeping with the high traditions of the U.S. Army and reflect great credit upon himself and the military service."

Court Reporting Course Offered At SIU's VTI

Students in a new course in court and conference reporting at the SIU-Carbondale campus Vocational-Technical Institute will find a wide field of employment awaiting them, according to Chester Johnston, faculty chairman of VTI business and secretarial programs.

The course is a two-quarter continuation of the existing legal secretarial program at VTI and requires a full two calendar years of study for completion of requirements. It began this fall term after consultation with a number of persons in the judiciary and the legal profession and with preliminary approval of the National Shorthand Reporters Association, according to Johnston.

A minimum of 40 hours of work with a court reporter in the courtroom is required for completion of the course, and a minimum speed of 200 words per minute is required.

Graduates of the program are prepared to pass the Illinois Court Reporters examination, which automatically qualifies the individual for a minimum salary of \$11,500 per year.

New Sponsoring Group For Pontoon Teen Town

Mrs. Sharon Littlejohn was named president of the Pontoon Teen Town Board of Advisors during an election meeting Saturday. Mrs. Portia Denard was named secretary and Mrs. Dell Whitsell was elected treasurer.

"Creation of an advisory board to serve as the sponsoring organization of the Pontoon Teen Town project was agreed last week, in a move to separate direct sponsorship of the youth group from the Pontoon Ladies Auxiliary, which plans to broaden its own program."

The new group, to be known as the Pontoon Gators Community Service, also will consist of Teen Town representatives elected to the advisory board.

board and administrators reviewed reasons for a transfer effective today of 92 pupils from Parkview to Frohardt. The 92 include 17 half-day kindergarten students.

Expressing concern that Frohardt may become overcrowded, reducing teaching effectiveness, the group suggested cancellation of the transfer or renting of church classrooms to augment the 31 Frohardt rooms. Average class size is to rise from 23 to 27 pupils at the school.

The transfer was approved at an earlier meeting, and on Wednesday night the board formally transferred areas on Pontoon road and in part of Pontoon Beach to Frohardt for voting purposes.

MORE ABOUT Experience

to the heart of our major cities without the frustrating experience of clogged and dangerous highways.

Nationals, Men at Peace
"The solution to these problems, together with the realization of the dream we all share of nations at peace with each other and men at peace with themselves—will require the very best from each of us."

"Fifteen years in the Illinois General Assembly—three of them as speaker of the House—have given me a broad background in government."

"I have been in the forefront of passing most of the significant legislation to come out of Springfield during the past several years."

New Laws Curb Violence
"I have sponsored and supported legislation to provide more severe punishment for those guilty of crimes and violence."

"To stop disorder on our college campuses from home when her condition worsened."

"To clean up our air and water and make our environment more livable."

"To provide safe roads for our eleven million people."

"I have also sponsored and supported in the Illinois House the call of the Constitutional Convention, the elimination of the personal property tax, the investigation of improper and wasteful expenditures in the areas of higher education, and the continued effort to cut back the level of government spending."

Efforts in Washington
"As our United States Senator for the past two and one-half months, I have worked closely with our President in behalf of his programs to provide solutions to the many problems facing our nation and to come closer to meeting the challenges presented by the ideals we all share."

"I hope you agree that my experience qualifies me to seek election to the unexpired term of our great departed senator and good friend, Everett McKinley Dirksen. His example has inspired me to do the very best I can in Washington as your senator—to speak for you and to represent your interests as a great people of a great state."

"The 1970s will be an exciting age. They will be full of opportunities and fuller yet of opportunities."

Machine-Picked Rival
In an apparent reference to Adlai Stevenson III, the probable Democratic nominee, Sen. Smith said today that "neither our individual ideals nor our nation's destiny will be fulfilled by the elevation to high public office of men whose principal allegiance—no matter how much they may protest it—is to a political machine."

"Whose social conscience is the conscience of plantation politics."

"Whose idea of political independence is the tacit encouragement of extremism."

"Neither will the interests of all of the people of our state be protected by the election to high public office of men of little experience nor men whose disdain for the people of our great downstate area is so patently apparent from their campaign oratory and campaign literature."

"The 1970s require men of experience—men who will strive for excellence rather than men whose record is mediocrity."

Political Moderation
At a press conference prior to his address to the St. Louis Republican Citizens Association on Friday night, Sen. Smith described himself as a moderate with strong appeal to a wider range of voters than his opponents.

He said he has more legislative experience than Stevenson and that, as a downstate candidate, he offers a balance that would be lacking if there were two senators from Cook county.

Sen. Smith said Lt. Gov. Paul Simon "would have been much more difficult to defeat" than Stevenson in the November 1970 election.

In his talk, given at the Arena Club, he assailed the present session of Congress as "literally doing nothing" and urged that voters give the Republican party 30 more House seats and eight more Senate seats so that the GOP can gain control and so that "the policies for which we elected Mr. Nixon can begin to move this country to where we want it to be."

His flying tour of the state today began in East Alton and was to continue to Chicago, Rockford, Moline, Peoria, Springfield, Decatur and Champaign.

Charged for Conduct
Larry Anderson, 22, of 3032 Iowa street, was summoned to the Granite City police station at 12:30 p.m. Friday on a disorderly conduct charge.

Miss Kristina Lynn Hayes Is Bride of Larry Hutson

Miss Kristina Lynn Hayes, a daughter of Mr. and Mrs. Daniel Hayes, 202 Grand avenue, became Mrs. Larry Dean Hutson in a ceremony solemnized Saturday afternoon at First Lutheran Church in Decatur, Ill. The bridegroom's parents are Mr. and Mrs. Harold Hutson, 1450 Foster avenue, Decatur.

The Rev. Paul E. Erickson officiated at 2 o'clock and a reception followed in the church Fellowship Hall.

The bride chose a gown of white lace and nylon organza with a long full skirt. The bodice was fashioned with an organza bow at the waist, long tapering sleeves and a cameo neckline. A lace pillow held in place the bride's tiered veil of illusion and her flowers were yellow and white roses with ribbon streamers on a white Bible.

The attendants, Miss Jennifer Hayes, the bride's sister, maid of honor, and Miss Bonnie Low of Belleville, a college roommate, bridesmaid, wore identical gowns with beige organza bodices and long emerald green velvet skirts. They were styled with avocado green satin bands and bows at the waists and emerald velvet headpieces. They held long-stemmed yellow roses.

Mr. Hutson's attendants were Stanley Taylor, best man, Mark Taylor, Bob Briley and Neil Johnson, groomsmen and ushers, all of Decatur.

The newlyweds will reside in Charleston, Ill., where both are attending Eastern Illinois University. The former Miss Hayes, a graduate of local schools, is a junior, majoring in speech correction. HOLIDAY BRIDE. Mrs. Russell E. Curry, the former Anna Grace McCance, who was married Saturday at Central Christian Church, 2020 Johnson road.

Miss Anna Grace McCance And Russell Curry are Wed

Central Christian Church, 2020 Johnson road, was the scene of the wedding Saturday afternoon of Miss Anna Grace McCance, a daughter of Mr. and Mrs. Keith Bennington, 3144 Wayne avenue, and Russell E. Curry, whose parents are Mr. and Mrs. Ben Curry of Petersburg, Ill.

Arrangements of chrysanthemums in rich autumn shades, and lighted candles in branched candelabra provided the setting for the late afternoon ceremony. Rev. James R. Craddock officiated at 5:30, and a buffet-reception was held afterward at the church.

Mrs. Joseph Owens presided at the organ and accompanied the soloists, Mrs. Joseph Brey and Joseph Hanson. The former sang the Lord's Prayer, and Mr. Hanson sang the German version of "I Love You." There was also a duet by the two, "One Hand, One Heart."

"Elsa's Procession to the Cathedral" wedding march from Lohengrin was used as the procession advanced to the altar and the "Wedding March" from a "Midsummer Night's Dream" served as the recessional.

The bride chose an Empire gown of ivory tulle and re-embroidered Alencon lace encrusted with seed pearls and crystals. An inverted pleat in the back formed a chapel train and a long paneled streamer extended from the bow to the bottom of the skirt. A large flower of the dress fabric with pearls and crystals formed the headpiece which held in place a veil of silk illusion. The bride's bouquet was combined with variegated ivy in the bride's bouquet.

Mrs. Michael Sentel, a former college room mate of the bride, was matron of honor, and three of the bride's cousins served as bridesmaids. They were Mrs. James Miller, Mrs. Joy Powell and Mrs. Douglas Russell.

They were dressed alike in avocado tulle made on princess lines. The gowns were trimmed at the neck and sleeves with avocado tulle piping, and brocade covered buttons accented the fronts and sleeves. Bows and panels in the back were similar to the bride's gown.

Gubser-Ridgeway Nuptials At St. Elizabeth Church

Rev. Virgil Mank officiated at the late afternoon ceremony Saturday at St. Elizabeth Catholic Church which united in marriage Miss Jacqueline Ridgeway, a daughter of Mr. and Mrs. Floyd Ridgeway, 4110 Bruene avenue, and Pfc James R. Gubser, whose parents are Mr. and Mrs. Lawrence Gubser, 1708 Lindell Blvd.

Arrangements of yellow gladioli and bronze chrysanthemums decorated the altar and burning candles in the aisle illuminated the sanctuary for the 5:30 service. A reception followed in the "300 Room" of the Tri-Mor Bowl.

The bride wore a traditional gown of ivory silk fashioned on princess lines. Featuring a sculptured neckline and bishop sleeves of English net and re-embroidered Alencon lace, it was finished with a cathedral train which fell softly from the shoulders embellished with inserts of net and lace. A Camelot headpiece of ivory net secured the bride's train-length veil and she carried a bouquet of white carnations with a corsage in the center.

Attendants, Mrs. Sam Robinson, a sister of the bride, as matron of honor, and Miss Diane Winter, Miss Pamela Bader, Miss Judith Hamilton, Miss Brenda Bennett, bridesmaids, and Lauren Gubser, the bridegroom's sister, junior maid, wore Empire gowns of willow green with modified A-line skirts.

The sculptured necklines and elbow sleeves were trimmed with vertical bands of lace in a matching color. Velvet Juliet caps with blusher veils completed their costumes and they carried plateau baskets of chrysanthemums in autumn colors.

A little flower girl, Cathy Evans, dressed like the older attendants, carried a small basket of flowers. The bride's nephew, Joseph Robinson, served as ring bearer.

Pfc Gubser had his brother, Gary, as best man, and groomsmen were Floyd Ridgeway Jr., Anthony Gregus, John Van Dusen, John Jaros, Sam Robinson and Dale Wadlow.

A program of wedding music was furnished by Mrs. Cleta

Judith Hegedus Bride Of Edward Jos. Ruder

A wedding at St. Dismas Catholic Church, Florissant, Mo., this weekend of interest here was that of Miss Judith Ann Hegedus, daughter of Mr. and Mrs. Alec J. Hegedus, 1330 St. Denis road, Florissant, and Edward Joseph Ruder, whose parents, Mr. and Mrs. Joseph G. Ruder, reside at 2808 Palmer avenue.

The double ring ceremony, at two o'clock Saturday, was performed by Rev. James Reagan. The altar was decorated with bouquets of white snapdragons and urns filled with large white mums and yellow pompons.

The former Miss Hegedus, who was given in marriage by her father, is a graduate of

Fontbonne College, where she was pledged to Beta Sigma Phi sorority. She is presently employed as a private secretary at Monsanto Co.

Her husband, a U. S. Marine Corps veteran and a graduate of Granite City high school, is employed by Lopinot and Weber, Inc.

After a honeymoon trip to Las Vegas, Nev., the newlyweds plan to make their home at North Garden Manor Apartments in St. Louis county.

The bride selected a full-length gown of white silk organza, with a full detachable train cascading from the back waistline. A scoop neckline and bell-shaped sleeves enhanced the bodice of Chantilly lace.

A forward headpiece of lace petals, edged with tiny pearls, secured a bouffant veil of bridal illusion. Her flowers were a cascade of white chrysanthemums interspersed with touches of yellow.

Mrs. Betty Scheuerman of Newark, Del., a college friend of the bride, was the matron of honor. Miss Dolores Ruder, a

sister of the bridegroom, and Lawrence Ruder, both of Granite City, and Miss Teresa Laramie of Florissant were bridesmaids.

The attendants were gowned alike in gold-colored sculptured velvet, featuring high rise bodices, rounded necklines and short sleeves. Matching gold satin encircled the waistslines and trimmed the sleeves. Panels of chiffon fell from the shoulders to the hemlines of their long A-line skirts.

On their hair, the attendants wore brief circular veils. They carried bouquets of white and yellow pompons.

Serving as best man to Mr. Ruder was his brother, Lawrence Ruder of Granite City. Groomsmen were Alan Hegedus of Florissant, a brother of the bride, and Donald Metz of Ballwin, Mo., and Robert Ruder of Belleville, a cousin of the bridegroom.

Joseph McFarland and Gus Oberkell headed the corps of ushers.

Immediately after the ceremony, approximately 200 guests attended a reception at the Florissant 600 Country Club.

HARDWOOD WARRIORS ON DEFENSE stole the ball 38 times to win 105-44 over the Springfield Griffin team Saturday at the GCHS gym. Warriors pictured are Jeff Boyles (second from left), Dave Melzer behind Boyles and leaping Tim Moore.

All Local Basketball Teams Capture Openers

Quad-City prep teams swept their basketball season openers. Venice triumphed 79-44 at DuPont and Madison won 78-67 at Wood River Friday. On Saturday, Granite City hosted and trounced Springfield Griffin 105-44.

Venice Coach Bill Ohlendorf reports, "It was a typical opening game. We made a lot of mistakes in spots."

"Early in the game we were throwing the ball away. We had the shots, but made only 11 points in the first quarter. By halftime, we pulled ahead 35-18." The other quarter scores were 11-8 and 61-37.

Red Devils scored over Cedric Gardner 26, Fessor Gray 21, Doug Johnson 10, Andre Johnson 9, Larry Harris 5, Robert Coleman 4, Harold Gonterman 2 and Ramon Moser 2.

35 of 43 Free Throws. GCHS was sharp from the free throw line, sinking 25 of 43 tosses, and smothered the Cyclones' attack.

Coach Don Deterding said, "The 105-44 score isn't an indication of how strong we are; Springfield Griffin is weak."

"From looking at the game films, I think we did play well defensively. Our press worked fine. Griffin turned over the ball 38 times."

"Dave Melzer hit 12 of his 19 field attempts; he missed a couple early in the game or his percentage would have been better. Steve Harris and Jeff Boyles weren't up to par yet on their shooting."

Quarter scores were 21-10, 57-21 and 81-33. Warriors' totals: Melzer 32 points, Harris 18, Boyles 13, Tim Moore 10, Tim Schendeman 8, John Ireland 6, Greg Jones

The prospective bridegroom is a graduate of Venice high school and is presently employed at Scott AFB. He has completed four years in the Air Force. Miss Slemmer is a 1960 graduate of Edwardsville high school.

The wedding of the couple will take place May 2 at Sacred Heart Catholic Church in Livingston, Ill.

Granite Chapter Will Install

A memorial service honoring the memory of ten members of Granite Chapter 650, Order of the Eastern Star, who died within the past year was conducted by Mrs. Cora Heitich, worthy matron, during the chapter's regular meeting Friday evening at the Masonic Temple.

The top chapter officials, Mrs. Heitich and Worthy Patron John De Hart, whose terms of office will conclude this evening with the installation of new officers, presented a new white Bible for use by chapter members at the altar. The gift was accepted by Mrs. Dorothy Fitzpatrick.

Guest of honor Friday evening was Edward Lane, worshipful master of Granite City Lodge 877, AF&M. The Masonic lodge officer was escorted, together with three Grand Lecturers and 12 Grand Chapter Committee members. A special segment of the program was devoted to recognizing in gall Granite Chapter members who have served on committees in the past 12 months. Those attending were escorted, introduced and presented with gifts from the organization.

Mrs. Mary Billrey and Earl French will be installed as worthy matron and worthy patron, respectively, in ceremonies set for 8 p.m. today at the Masonic Temple.

Rev. Paul Surbey heard the vows of the couple at 7:30 before the altar decorated with arrangements of white mums and lighted with burning candles in candelabra.

Mrs. Irene Harriott, organist, played the wedding marches and accompanied the soloist, Mrs. Alice Worthen, as she sang the Lord's Prayer.

The bride wore a gown of ivory peau de soie fashioned with a Victorian bodice of Alencon lace, a high neckline and short puffed sleeves trimmed with bands of lace. Motifs of matching lace accented the front of the A-line skirt which ended in a full sweep train extending from the waistline. Mrs. Joyce Edwards, a sister-in-law of the bride, was honor attendant, and Mrs. Nancy Capron of Indianapolis, Ind., a

They carried nosegays of fuchsia tinted crysanthemums and d. headpieces were small velvet leaves holding in place green tiered veils.

The bride's mother was dressed in an ice blue coat and dress ensemble. Her flowers were a corsage of white roses.

A reception was held at the Officers Club at the Army Depot. After a trip to Paris, Rome and Madrid, the newlyweds will live in Cincinnati.

The former Miss Edwards graduated from Venice schools and SIU in Carbondale where she became a member of Delta Zeta social sorority. She is presently employed by TWA as a ground hostess. A white Empire gown was worn by the bride. It was trimmed with embroidered flowers on the lace-edged train. She carried a bouquet of white roses and mums tied with blue velvet ribbon.

The attendants, Miss Linda Hamilton, a sister of the bride as maid of honor, and Miss Anita Gasparovic and Mrs. Kathy Heath, bridesmaids, were dressed alike. They wore in Empire gowns with dark blue, long-sleeved velvet bodices and floor-length skirts of light blue chiffon. They held bouquets of light and dark blue flowers.

Archaeological Team to Record Historic Sites

Frank Rackeby, archaeologist with Southern Illinois University's Museum, is one of two archaeologists appointed by the State Department of Conservation to make an inventory of important archaeological sites in Illinois which are in danger of destruction.

Rackeby and Stuart Struwer of Northwestern University will spend January through March following up tips from all possible sources that any area once occupied by prehistoric Indians is about to be demolished by highway or road construction, lake and flood control projects or similar clearing and construction programs.

The State Conservation Department and the Illinois Archaeological Survey are cooperating in the state-wide survey of the site destruction problem. Rackeby said. He added, "We want to document specific places where archaeological sites are threatened by the destruction, either immediately or within the next five to ten years."

"We must depend largely on information which interested in-

dividuals can supply about sites which are threatened in their own local areas," the archaeologist explained. He said survey sheets, to list information, can be obtained from the Illinois Archaeological Survey office, 137 Davenport Hall, University of Illinois, Urbana.

Rackeby said that while his and Struwer's primary responsibility is for archaeological sites, they also will record historic buildings which may be slated for demolition if reported to them.

The state survey is being conducted as a result of passage by Congress of the National Historic Preservation Act of 1966. The Department of Conservation has been designated by the National Park Service to carry out the program in Illinois.

The Illinois Archaeological Survey is a cooperative organization composed of the SIU Museum, University of Illinois Museum, and the Illinois State Museum. Rackeby said other members of the survey would be asked to check out reports if imminent site destruction in their immediate vicinity.

State Distributes Shares of Income Tax to Agencies

Gov. Ogilvie announced the distribution of \$2,768,333 to local governments as their share of October income tax collections.

Illinois Finance Director John McCarter explained the distributions for October were down from the previous month because September collections included quarterly taxes collected on corporate and individual incomes not subject to monthly withholding.

Under Ogilvie's tax sharing plan local governments receive one-twelfth of the revenue collected in accordance with the Illinois income tax law. October collections totaled \$33,220,000.

This month's allocation brought the amount distributed on the local level under the income tax law to \$2,868,316.

The October revenue distribution is the second regular monthly allocation under the law to counties and municipalities. The funds are distributed on a per capita, no-strings attached basis.

Ends Army Service

SP4 Larry E. Dunnivant, son of Mr. and Mrs. Everett Dunnivant, 2009 Troy street, has completed his three-year enlistment in the U. S. Army and has been discharged from service after one year in Vietnam. Dunnivant arrived home from Vietnam last week. He enlisted in 1966 and was sent to Vietnam in November 1968.

Attorney General Sues Airlines as Polluters

Illinois Attorney General William J. Scott has filed suit against 23 airlines to force them to install air-pollution control devices, under court direction, on all jet planes landing or taking off from O'Hare or Midway airports.

The complaint alleged that jet planes in "approaching, landing and taking off" pollute the air with noxious fumes, smokes and gases containing, among other things, carbon monoxide, nitrogen oxides, hydrocarbons, aldehydes and particulates injurious to people's health and safety.

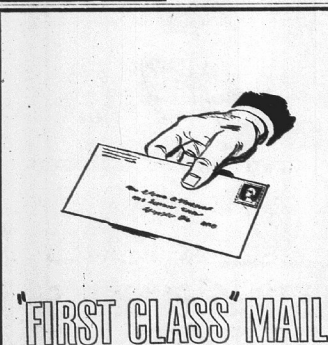

Scott further charged that these discharges in the form of unused fuel, cause runway surfaces to become slick, creating hazards for air crews, service personnel and passengers.

"We are primarily concerned with the health hazard caused by pollution and with its threat to the lives of future generations," the attorney general said. He said the airlines are well aware that they are polluters and also that engine manufacturers now are capable of retrofitting the jets with new combustion units which burn all the fuel and eliminate the pollution problem.

Sgt. Charles W. Stern, son of Mr. and Mrs. Charles Stern sr., of Milledale, Ill., and husband of the former Karen Burris of Madison, is on duty at Bien Hoa AB, Vietnam.

Sgt. Stern is an aircraft mechanic with the 3rd Combat Support Group, a unit of the Pacific Air Forces, headquarters for air operation in Southeast Asia, the Far East and the Pacific area. A 1966 graduate of Madison high school, he previously served at Perrin AFB, Tex.

THANKSGIVING PARTY

Brownie Troop 328, sponsored by the Nedringhaus PTA, met at the school last week for a Thanksgiving party under the leadership of Mrs. Beth Caffrey and Mrs. Jean Holder.

Mrs. Caffrey reminded the scouts to bring canned goods and other articles to fill a decorated basket which they will donate to the Protestant Welfare at the 1:30 to 3 p.m. Dec. 14 neighborhood "festival of giving" at St. John's United Church of Christ. All five neighborhoods in District Four will aid the less fortunate at Christmas through such programs.

During a handicraft session, the Brownies made centerpieces out of egg carton sections which they had sprayed and shaped into gourds of plenty filled with herbs and nuts for their families. Each girl used icing to paint turkey cookies as a Thanksgiving treat.

Attending were Debbie Bigham, Jo Ann Curtis, Mary E. Egan, Gena Fox, Beth Gollinger, Karen Holder, Gretchen Holscher, Georgia Matosian, Twyla Lathrop and Carla Mitchell.

One of the Thanksgiving parties in Granite City schools was held for Mrs. Brenda Heinritz' afternoon kindergarten class at McKinley, with four of the room mothers, Mrs. Frances Bolin, Mrs. Ida Fox, Mrs. Eleanor Fronberger and Mrs. Mary Ann Walker, assisting the teacher with the refreshments and holiday festivities.

Thirty-nine students participated in a song festival for their guests, singing Thanksgiving songs which they had learned in the class. Each pupil wore an Indian headband with feathers made earlier in the week during a study of the traditions of Thanksgiving.

The room mothers made favor cups shaped like turkeys and filled with candy corn. Turkey cookies and milk were served to end the celebration.

BIRTH OF FIRST SON

Mr. and Mrs. Ronald Scholebo, 1701 Courtney ave., are announcing the birth of their first son, Jeffrey Scott. The infant was born Nov. 26 at St. Elizabeth Hospital and weighed eight pounds.

The young couple has a two-year-old daughter, Rhonda Raye. Maternal grandparents are Mr. and Mrs. Ralph Hall, 2664 East 28th street, and paternal grandparents are Mrs. Frances Moeble, 4314 Nameoki road, and Otis Scholebo, 1705 Courtney. The new arrival has great-grandparents, Mr. and Mrs. Ray Covell of Clay Center, Kan., and a great-grandfather, Frank Wheeler of Madisonville, Ky.

HOLIDAY GATHERING

A family covered dish Thanksgiving dinner was held Thursday in the home of Mr. and Mrs. Ralph Moeble, 4414 Nameoki road. The hostess used traditional adornments for the dining table with a papier mache turkey centerpiece.

Guests were Mrs. Moeble's parents, Mr. and Mrs. Ray Covell, who are visiting here from Clay Center, Kan., a daughter and son-in-law, Mr. and Mrs. James (Dianne) Hill and children, Scott, Julie and Shannon, and sons and daughters-in-law, Mr. and Mrs. Ronnie Moeble and children, Michael and Cindy, Mr. and Mrs. Donald Scholebo and children, Carla Ann and Donald, and Ronald Scholebo and daughter, Rhonda Raye.

A group of ladies from the Women's Society of the Trinity Methodist Church went to the Anna Henry Nursing home in Edwardsville last week for a Thanksgiving visit with a member, Mrs. Maudie Voss, who is a patient there, in lieu of the November WMS meeting.

The group presented Mrs. Voss with gifts. Group singing was held and Mrs. Wanda Robb sang a solo, "Jesus Is the Sweetest Name I Know." Mrs. Frances Holt accompanied at the piano. Mrs. Thelma Gillis led closing prayer.

Following the program, several of the ladies visited other patients and spent a social hour with Mrs. Voss. Others making the trip were Mrs. Elsie Clark, wife of the pastor, and Mrs. Minnie Dillard, Mrs. Jackie Dillard, Mrs. Anna Dowdy, Mrs. Jane Shaffer, Mrs. Helen Holder, Mrs. Cora Dowell, Mrs. Mae Luckert, Mrs. Nedra Brainerd, Mrs. Mary Lee Herman, Mrs. Leslie Watts, Mrs. Mattie Grover and Mrs. Edith McAllister.

PREPARE FOOD BASKET

Brownie Troop 198, sponsored by the Webster PTA, held a

weekly meeting Wednesday afternoon at the school with the leader, Mrs. Barbara Blackburn, assisted by Mrs. Millie Hand. A Thanksgiving party followed the usual meeting.

Mrs. Blackburn gave out notes informing parents of the troop's participation in the annual Neighborhood Three "festival of giving" Dec. 14. She asked for assistance in filling a basket for the needy. The troop will work on the basket decorations this week.

Each scout made an ornament for the festival tree and those chosen as best were made by Connie Blackburn, Mary Felker and Denni Conway.

Mrs. Hand showed the girls a project which they will make for their parents as Christmas gifts. A festival of patriotic songs was led by Mrs. Hand.

Turkey cookies and soft drinks were served to Marilyn Boner, Connie Blackburn, Denni Jean Conway, Sherrie Dew, Mary Felker, Sally Hays, Julia Ponder, Tammy Pounds, Lisa Thompson, Nancy Watkins, Geneva Williams and Toni Yount.

The Kofke Klatchers Social club will meet in the home of Mrs. Olivia Kunemamm, 3001 Madison avenue, Tuesday at 9:30 a.m. for Christmas party. A gift exchange will be held and identities of secret pals

will be revealed. Each member is to bring a container of favorite home-made candy with a recipe for a swapshop following the luncheon.

Following the opening of gifts, games were played, including "Pin the Tail on the Winnie" and musical chairs to the Winnie theme song. Prize winners were Nancy Stephens, Cathy Hadley, Sharon Werner and Bobby Stephens.

Community Theatre

Group Organizes Here

Tryouts for the initial production of a new Little Theatre group—the East Bank Players—currently being organized in the Quad-Cities, have been set for Sunday and Monday evening at the Elks Club in Granite City, it was announced today by the organizers. Tryout sessions are scheduled to start at 7:30 p.m. on both days.

In establishing a Little Theatre group here, an enterprising nucleus of citizens interested in promoting "good" amateur theatrical productions for local community enjoyment, noted that increased cultural activity and awareness in the past few years prompted the project.

The first production—"Guys and Dolls"—will be presented in early March, with rehearsals to start after the Christmas holidays. Mr. and Mrs. William F. Hoelscher will serve as producers-directors for the initial show.

Quad-Cityans interested in joining the cast are invited to attend the tryout sessions, bringing their own music, if desired, or contact the Little Theatre organizers for additional information.

Others serving on basic committees for the first presentation include Earl Parsons, Mrs. Alan Skirball, Mrs. J. B. Mills, Stanley Coleman, Dr. and Mrs. Leo Roman, Mrs. Richard Branding and Miss Diane Noeff.

Rev. George Williamson Jr. officiated at the 7 o'clock ceremony before the altar banked with bouquets of white gladioli, ferns and lighted with candles at each side.

Miss Lynn Caff presided at the organ as the soloist, Miss Debbie Lemons, sang "Because" and "A Wedding Prayer."

Given in marriage by her father, the bride was escorted down the aisle, illuminated by hurricane lamps. She chose a full length gown of Chantilly lace, designed with a fitted bodice featuring a sash and neckline and long sleeves forming points at the wrists, accented with sequins and tiny seed pearls. The bouffant skirt of tiered lace ruffles was fashioned to form a cascade at the back, falling gently into a chapel train.

A forward headpiece of silk organza flowers and petals secured a bouffant veil of silk illusion, and the bride carried a bouquet of white carnations centered with a cross formed of apricot carnations.

Miss Paulette Creek, a cousin of the bride, was maid of honor, serving with Miss Vickie Dennis, the groom's cousin, and Miss Elaine Dowdy, another cousin of the bride, bridesmaids.

They were identical Empire gowns with bodices of white Venise lace and apricot crepe skirts, accented at the waist with moss green velvet ribbons.

A floral headpiece of apricot held in place nose tip veils and the attendants carried bouquets similar to the bride's.

Cindy Dew, another cousin of the bride, served as flower girl. She wore a floor-length frock of imperial crepe fashioned with an A-line skirt and tied at the waistline with an apricot ribbon forming a bow at the back. Matching apricot ribbon and gathered tulle served as her headpiece, and she carried a miniature bouquet matching the brides.

Attending the groom as best man was his brother, Wayne Dennis. Completing the corps of groomsmen and ushers were Fred Dennis, the groom's brother, Richard Dew, a cousin of the bride, Jerry Creek and Larry Creek.

The bride's mother selected a two-piece ensemble trimmed with silver and matching silver accessories. Mrs. Dennis chose a beige A-line shift dress with matching accessories. Both wore white carnation corsages tipped with apricot.

A reception for the wedding guests followed immediately in the church basement fellowship room. Miss Gale Culpepper presided over the guest book.

The newlywed couple left for a wedding trip to the Ozarks, after which the groom will leave for Germany where he is stationed with the U. S. Army.

Out-of-town guests included Mr. and Mrs. Ryman Mathis and Mr. and Mrs. Orlan Dennis and family.

Mr. and Mrs. Mathis were hosts at a rehearsal dinner Friday evening at the church.

The former Miss Mathis graduated from Madison high school and is employed at Irwin & Wilbert Co., St. Louis. Pfc Dennis is a graduate of Stewart County high school.

MR. AND MRS. ALVIN WILKINSON. Their wedding took place recently at the Church of Christ, 2130 Clark avenue.

Wilkinson-King Nuptials On Thanksgiving Eve

Holiday weddings the past weekend included that of Miss Phyllis Ann King and Alvin D. Wilkinson on Thanksgiving evening at the Church of Christ, 2130 Clark avenue.

The 7 o'clock ceremony was performed by Rev. Philip Powers in a setting of candlelight, white flowers and greenery.

A gown of imported Venise lace and peau de soie was worn by the bride. Empire in design, the lace bodice had long sleeves and the skirt, covered with lace, had a split panel sweeping into a lace-edged chapel train. A petal headpiece with pearls, crystals and lace secured the bride's veil of illusion and she carried a bouquet of white carnations.

Miss Donna Johnson of Biggers, Ark., was honor attendant, and Miss Kathie King, the bride's cousin, was bridesmaid. Miss Johnson was dressed in a moss green rayon silk fabric with lace dyed to match outlining the standup collar. Full sleeves ended in long lace cuffs, and covered buttons trimmed the front of the bodice. The bridesmaid was similarly attired, with the exception of the color of her gown, which was French blue.

Both attendants carried arrangements of aqua carnations and greenery tied with moss green ribbon.

The bride's mother chose a Burgundy knit suit and matching accessories, while the bridegroom's mother appeared in teal blue with black accessories. Their corsages harmonized with their dresses.

Vincent Lamberti, a brother-in-law of the bridegroom, was best man, serving with Vincent King, the bride's cousin, groomsmen, and Paul Lee and Michael Dollins, ushers.

A reception was held in the social rooms of the church directly after the service and the newlyweds left for a brief trip. When they return, they will live in the St. Louis area.

Vest All Responsibility in Governor Or Among Several State Officials?

(League of Women Voters of Illinois)

Having accorded first importance to the legislature in the article preceding this, it is necessary to say that we are still looking for an appropriate balance between and among the three traditional branches—legislative, executive and judicial.

To establish the primacy of the legislative function because of its representative nature does not diminish the importance of an effective executive or administrative department or of a professional, effective judiciary.

In a state like Illinois, administering day-to-day functions of the government is truly a big business.

This function is assigned to the executive department headed by an elected governor, who shares his responsibilities with other constitutional officers—a lieutenant governor, attorney general, auditor of public accounts, treasurer, superintendent of public instruction and secretary of state.

The idea behind having this many elected officials was to prevent abuse of power by a governor. Today, the argument for a short ballot—that is, the election of a few state officials—is being raised.

Many people, including our recent Illinois governors, feel that the governor should have greater responsibility for the operation of all of the departments of the executive branch, responsibility which he does not now have because the elected officials are not directly accountable to him.

It is argued that with fewer elected officials, the power to operate effectively would be placed on the governor, who would be highly visible and accountable.

Before "con" can decide how many officials should be elected by the people, it should look at the functions of the offices. Are they policy-making? Do they perform the needed check upon the governor?

Do they have powers which should be allocated to appointed officials, perhaps of "cabinet" status?

But the most potent argument is that the governor should be the one to make the final decision.

ment is likely to be how the people feel about giving up the power to elect these officials. Do they feel better when power is dispersed or do they see that power can be controlled in three traditional branches—legislative, executive and judicial.

It is likely that this issue, when debated at "con" can, will strike sparks. It can also be a useful debate in helping citizens determine the functions of the executive department.

Do we see the governor as a legislative leader, developing and suggesting ideas for laws?

Do we see him as the manager of a big business, selecting methods and people who will operate state government with efficiency, fairness and dispatch?

Do we see the governor only as a political leader? Upon our answer to these questions depends the structure we will adopt to promote efficiency of operation and innovation of ideas.

There are other interesting issues in the executive article. One is the question of when a governor should be elected.

Would electing him in the non-presidential year bring more prestige to state government and remove state issues from national?

Should the lieutenant governor and governor run as a team?

How do we feel about the veto power of the governor and the fact that he is the only one who may call a special session of the legislature?

The present wording of the executive article of the Illinois Constitution does little to prevent a governor from exercising leadership. But it does cloud his authority in a number of ways and raises the question of what powers are necessary for a governor to run the state of Illinois under modern conditions.

One suggestion has been to give the power of appointment of judges to the governor. This will be discussed during a review of the judicial article in the next issue.

Stevenson Well Known But His Selection Concedes the Geographic Issue to Smith

The stage seems set for a November 1970 ballot battle between U. S. Senator Ralph T. Smith (R) Alton, who announced his candidacy today, and State Treasurer Adlai Stevenson III (D), who was picked for the Senate race last week by party leaders. Smith has opposition in the GOP nomination to seek the last four years of the unexpired term of the late Senator Dirksen.

Although Stevenson is said to score well in polls against Republicans and Democrats mentioned for the office, his selection could be advantageous to Smith's standpoint.

1. Smith has geography on his side. Election of Stevenson would give Illinois two U. S. senators from Cook county and exclude "downstate."

2. Secretary of State Paul Powell (D), a downstate political giant, opposed Stevenson and declined to vote for him even after the slating had been decided.

3. There is substantial opposition to Stevenson within the party because of his public criticism of Illinois Democrats' "feudal" system and his alleged tendency to avoid political gatherings.

His family name is, on balance, a "plus." His father, the 1949-52 governor, also was not heartily backslapper and incurred the wrath of some party regulars, but his name does provide ready identification for the current candidate.

And the late Gov. Stevenson is remembered fondly for "saving a lot of sheep" and directing a favorable spotlight toward Illinois in his two unsuccessful but widely praised presidential campaigns.

The scramble for party committee support saw State Senator Alan Dixon (D) of Belleville shunted aside from the U. S. Senate race but then placed on the ticket for state treasurer, an office in which consecutive terms are required. When it began to appear that Dixon could not block Stevenson, Lieutenant Governor Paul Simon of Troy, the top-ranking state Democrat, changed from his own election to the gubernatorial date, angering both Dixon and Stevenson but probably not causing any permanent wounds. Simon will not fight it out in the primary, a

Biased Stand by UN Commission on Human Rights in Middle East

(U. S. Department of State)

Why did the United States abstain when the UN Human Rights Commission took a neutral position. Who will speak for the Israelis? Was this considered by our Department of State when recommended to the President a Big Four Conference?

Dear K. P.: The resolution to which you refer was adopted by the United Nations Human Rights Commission by a vote of 13 in favor, one against, and 16 abstentions.

The United States was among the 16 that abstained. The negative vote was cast by Israel.

The U. S. delegation was unable to support this resolution for several reasons.

One problem was its approach to the question. While calling for the establishment of a body to investigate allegations of human rights violations, it prejudges the results of the investigation.

The Geneva Convention, to which the resolution refers, contains provisions for handling complaints of violations, and these provisions have not been invoked.

The U. S. delegation took the position, along with many others, that allegations of Geneva Convention violations should be handled in accordance with the provisions set forth in the Convention itself.

The United States has repeatedly expressed its concern over charges from both sides of violations of human rights in the Middle East.

That concern was voiced by Mrs. Rita E. Hauser, U. S. Representative to the Human Rights Commission.

She said that as long as hostilities among the nations in the Middle East continue, it is unlikely that there will be full respect and protection for human rights and human dignity in that area.

This is one of the reasons why the United States continues to lend its full support to efforts to promote agreement of the parties to the Arab-Israeli dispute on a just and lasting peace.

At the proposed Big Four Conference, the Soviet Union and France will speak for the Arabs.

The prospective buyer should not sign a contract until he receives the developer's property report.

Both federal and state legislation has been enacted to deal with land investment problems, including two of the most common ones—high pressure salesmen and the purchase of property sight unseen.

One problem on several occasions to deal with this dangerous situation.

The purpose of the Four Power Talks only to sign the contract, he has 48 hours in which to cancel provided he did not inspect the property before signing. No cancellation period is provided for the buyer who both received the report and inspected the property before signing the contract.

Illinois requires all foreign-owned property to be registered with the Secretary of State.

promise Stevenson would not make, and will work for the election of the slate.

Although he probably would have preferred to run against Sen. Smith now than against Gov. Ogilvie or Sen. Percy in 1972, Simon remains in a relatively strong position. His undeclared record will not be tested in 1970, regardless of the outcome, and he has been promised a chance to run for either governor or U. S. senator in two years (although the choice of which office will be up to the committee rather than him).

Other advantages of the leaders' decision are that Simon will keep his office in Democratic hands through 1972, rather than allowing it to be held by a Republican and thereby avoid a damaging head-on clash between Simon, the hero of 1968, and Stevenson, its top vote-getter in both 1964 and 1966.

Among the fascinating sidelights is the about-face Stevenson's party is taking in regard to the Vietnam war. He was passed over by state lawmakers two years ago primarily because he would not swear allegiance to the policies of President Johnson. This year, his views on national and world issues created little or no obstacle in the minds of those gathered in the "smoke-filled room."

SIU-SW Faculty Includes The First Scientist to Touch Rocks from Moon

An indication of the caliber of the faculty assembled at SIU-SW is that its ranks include the first scientist to touch moon rocks with his bare hands, Leonard Jones, an engineering professor.

Dr. Jones headed the physical sciences group at the Manned Spacecraft Center, Houston, which handled research for the Apollo 11 mission, first to land on the moon.

He received his doctoral degree in physics from St. Louis University; he was a professor there from 1961 to 1963, at which time he joined the SIU-SW staff. He also has been an engineering-physicist at the Manned Spacecraft Center, where he designed the design engineer for Universal Match Corporation and head design engineer at Emerson Electric.

New Member of Industrial Family Here

Quad-Cityans welcome the Phelps-Dodge Aluminum Products Corporation as the newest member of the local industrial family. It will be the Dow Chemical Company's metal fabrication plant in Madison industrial Dec. 29, with an option to buy it from Dow in 1972.

Originally built as a defense plant in world war II, the 1,400,000-square-foot facilities while under construction, the plant will produce numerous precedent-setting, innovative products, including current preparation of large parts for jumbo jet airplanes. Magnesium produced here made possible the first radio-television communications earth satellite.

The three-year lease period ushers in a new and important chapter in the history of the Madison plant. There is every hope that it will be a productive, rewarding period for all personnel, leading to an even greater era of useful service to the nation and world in the future.

Retirement Site Sales Regulated

(Tri-City and Illinois Bar Associations)

Both federal and state legislation has been enacted to deal with land investment problems, including two of the most common ones—high pressure salesmen and the purchase of property sight unseen.

One problem on several occasions to deal with this dangerous situation.

The purpose of the Four Power Talks only to sign the contract, he has 48 hours in which to cancel provided he did not inspect the property before signing. No cancellation period is provided for the buyer who both received the report and inspected the property before signing the contract.

Illinois requires all foreign-owned property to be registered with the Secretary of State.

Illinois is one of five states (the others are Hawaii, New York, California, Nevada and New Mexico) which require sellers of out-of-state land to disclose certain information to the buyer. In this respect, the law is similar to the federal requirement.

We offer this advice to anyone who intends to invest in a retirement development, whether to provide for a future retirement home or for speculative purposes.

1. Be wary of high pressure salesmen and advertising gimmicks. One popular sales technique is to offer a free vacation trip to the property. Be certain that "free" doesn't mean a one-time visit unless you purchase some land.

2. Inspect the property. Don't rely on pictures, charts and promises. A common ploy is the promise that other developments are being built nearby, and that these will increase the value of your investment. Check out any such information.

3. Read the property report. It should be sufficiently detailed and simple to reasonably assure the prospective purchaser that he is to produce results and accurate findings of value. What other property is selling for? Learn what the local ordinances will affect your property and the use you've planned for it.

4. Obtain a written contract. Be sure you understand its terms before you sign. The contract should award clear title to the property.

5. Do some sleuthing. Contact the local Better Business Bureau or Chamber of Commerce to learn the seller's reputation. Also check prices to see what other property is selling for. Learn what the local ordinances will affect your property and the use you've planned for it.

Case Against Marijuana—Mass Use Of Powerful, Mind-Affecting Drug Would Be Irrational Step by U.S.

(Third of Five Articles)
(National Institute of Mental Health)

Nearly everyone has heard of the exact structure of tetrahydrocannabinol (THC), the probable main, active principle of marijuana. Thus, the production of uniform, synthetic or man-made marijuana is now possible.

With this compound, THC, sometimes called "liquid marijuana," scientists can at last run controlled, uniform experiments. Very early work showed that the compound would be useful not only in laboratory studies of clinical studies, but in support of and stimulated by the National Institute of Mental Health. This is a part of an invigorated attack on narcotic and drug abuse through research, training, services and education.

Some other facts about marijuana which every citizen, old and young, needs to know have already been established. Here are some questions often asked and answers to them.

What is marijuana? Marijuana—a plant called "cannabis sativa"—is a drug found in a plant (cannabis sativa) that grows in mild climate countries all around the world. Some of its nicknames are pot, grass, weed and Mary Jane.

How is it used? For use as a drug, the leaves and flowers are usually dried and crushed or chopped into small pieces. This green-colored product is rolled and smoked in a pipe or rolled and smoked in a cigarette.

Is marijuana used for medical purposes? Yes, it has been known used in modern medicine. There are medical research studies seeking scientific information on it, but it is not used to treat or cure illness.

Statements that marijuana is a "gateway" drug are not supported by scientific evidence. Do we know what marijuana does to the mind and body? We do not know the physical effects fully. Long-term effects are absolutely unknown.

The kind of research needed to learn the results of continued use has not yet been done. It is getting under way now, however, as pointed out.

Does marijuana affect judgment? Yes, but not favorably. A person using marijuana finds it harder to make decisions that require clear thinking. He is open more easily to other people's suggestions.

Doing anything that takes good reflexes and clear thinking is affected. It is, for example, dangerous to drive while under the influence of marijuana, just as it is with alcohol.

What about the laws? Both federal and state laws—and international laws—dealing with marijuana. Possession or sale of it in the U. S. is a felony under federal law. Many states deal with marijuana as severely as if it were a deadly poison.

Many people feel that the laws should be changed; many others do not. In any case, young and old alike should know these and other facts.

For a free leaflet on marijuana, write to: Bureau of Narcotics, NIMH, Washington, D. C. 20032.

There are some reasons on the legal side for restrictions on marijuana, as, for example, the indisputable fact that science does not know very much about it.

It does not appear, moreover, that mass, pervasive, total population usage of an unknown but powerful mind-affecting drug is rational.

"Why doesn't anyone tell the truth about marijuana?" This despairing kind of cry is perhaps based on confusion brought about by those who favor taking all shackles off marijuana and who discriminate misinformation or slanted material rather than objective information.

One of the highlights of the convention was the introduction of a Commemorative Stamp designed especially for the Easter Seal Society.

Mark English of Georgetown, Conn., designed the six-cent postage stamp which is printed with seven inks. Depicted on the vertical stamp is a little boy silhouetted in four different positions, a wheel chair, then rising, then almost erect and finally standing and stepping forward. The stamp is available now at the local post office.

One of the newest phases of service to be provided by the society is immediate work with stroke patients in this county wide area. This project plan has been introduced in Belleville and Alton where speech

therapy is begun immediately with a stroke victim, in an effort to prevent total loss of speech and to stimulate the undamaged side of the brain.

Families of stroke patients are requested to contact the Easter Seal Society for this specialized service which has proved to be successful in most cases.

Stamp Introduced

Easter Seal Society Aids Victims of Strokes

The National Easter Seal Society for Crippled Children and Adults met in Columbus, Ohio, recently for the annual convention and to observe 50 years of service to the handicapped.

Mr. and Mrs. Ralph A. (Janet) Wilson of 2112 Garfield avenue attended the convention as representatives of the south western area. Mrs. Wilson has served as a board member for the local society for the past five years.

One of the highlights of the convention was the introduction of a Commemorative Stamp designed especially for the Easter Seal Society.

Mark English of Georgetown, Conn., designed the six-cent postage stamp which is printed with seven inks. Depicted on the vertical stamp is a little boy silhouetted in four different positions, a wheel chair, then rising, then almost erect and finally standing and stepping forward. The stamp is available now at the local post office.

One of the newest phases of service to be provided by the society is immediate work with stroke patients in this county wide area. This project plan has been introduced in Belleville and Alton where speech

therapy is begun immediately with a stroke victim, in an effort to prevent total loss of speech and to stimulate the undamaged side of the brain.

Families of stroke patients are requested to contact the Easter Seal Society for this specialized service which has proved to be successful in most cases.

ABOUT THIS QUESTION:
The pre-Christmas season brings joy but also greater risks to a storekeeper: The risk of fire, explosion and theft with high inventories, business interruption, employee dishonesty, customer injuries. Would a commercial insurance package cover all such risks?

Scant Illinois Airport Business, Study Says

"If the great bulk of travel originates in the county, then it seems completely illogical to have an airport on the Illinois side," St. Louis County Supervisor Lawrence K. Ross commented at an East-West Gateway Coordinating Council meeting Wednesday.

A newly-completed study of ground traffic reportedly said Lambert Airport business originates from St. Louis county (89%), the city of St. Louis (10%) and Illinois (4%). The study was presented by George Crawford of Crawford, Bunne, Roden, Inc.

A second major metropolitan airport has been proposed for Illinois by St. Louis Mayor Bernard S. Goetz. Mayor Goetz said he is not fighting an Illinois airport but a second airport in south St. Louis county.

Crawford said his study was not designed to tell planners where to locate a second airport but to assist them in designing ground transportation facilities, including roads and rapid transit lines.

The report projected 1990 vehicle traffic to be three times the present volume at Chicago's O'Hare airport, one of the world's busiest.

Air travel at Lambert involves 58% business, 15% visits to relatives and the remainder for vacations, personal business and military purposes, the report said; men outnumber women 3:1, half of all passengers are aged 30-49 and two-thirds are aged 30-60. Crawford said that with only 16% of St. Louis airport organizations, an airport rapid transit line probably would not be self-supporting.

In other business, the Gateway Council decided to seek restoration of 1970 operating funds, reduced from \$88,139 to \$27,000 by the federal government. A delegation will visit Washington.

Six Charges Filed, Four Autos Damaged

Multiple charges were filed against Frank C. Lane, 30, of 352 Briarwood drive, after three parked autos were damaged in a crash on West Wilson Park drive at 12:40 a.m. Sunday.

The charges were: illegal transportation of an alcoholic beverage, careless driving, permitting an unauthorized person (a 14-year-old Granite City girl) to drive and two counts of contributing to the delinquency of a minor.

Police alleged that, with the girl driving, the front of Lane's car hit the left front fender of the parked auto of William Sostman, 3235 Saratoga avenue. Lane then allegedly became the driver, and his vehicle backed against the left side of the parked car of Mike Holt, Collinsville.

The Holt car was knocked against the front of the parked auto of Vernon Vaughn, 12 West Wilson Park drive. Lane then is alleged to have driven around a corner, where a tire blowout occurred, halting his car.

Lane and three passengers, ranging in age from 13 to 15, escaped apparent injury. The 14-year-old girl was charged with driving without a license.

School Policy Committee Is Formed, 6 Others Proposed

The Granite City school board on Wednesday night approved formation of a committee for study of board policies.

Three board members, Secretary Donald Stucke, Carl Macios and Harold Davis, were named co-chairmen of the committee. They will be assisted by administrative staff members as needed.

Supt. Bob J. Davis related that "for some time we have been attempting to collect and put together the policies of the board of education adopted over a period of years. These have been compiled into a booklet."

"I recommend that a committee study the existing policies and propose changes in present policies, elimination of policies no longer needed, and new policies."

Board Member Monroe Worthen stressed that if the task is undertaken, it should be the intent from the start that the board will adhere to the policies which it accepts for joint adoption.

The policies represent standards taken by the board at various times on specific matters, with the plan that similar procedures should be followed in the event of similar situations in the future.

The booklet, outlining and implementing school laws and desirable policies, will form a guide through which school operations can be conducted and administered uniformly. It is to be updated as revisions and additions are decided on by the board.

Relatively new board members were chosen for the committee as a means of injecting fresh ideas into the study. Older board members are more familiar with existing policies due to their role in helping adopted many of them, it was noted.

Plan Year-Round Study
Davis said the board had established several other working committees. Subjects of the proposed committees will be:

1. Year-round school.

2. Special education — future needs.
3. Teachers' aides.
4. Education and technology.
5. Use of school activity funds.
6. Redistrict and grade assignments for new schools.

Teachers hired were Mrs. Kay E. Hommert, Highland, one year of experience, Maryville lower primary class; Mrs. LaNell Lesseg, 3000 Iowa street, 25 years of experience, Coolidge junior high language and social studies; Patrick Schuman, 4062 Sara avenue, Webster sixth grade; and Mrs. Barbara Roll, Staunton, Washington kindergarten. All four have bachelor degrees from SIU.

The board accepted the resignation of Mrs. Janet Wilson, Alton, a sixth grade teacher at Webster school.

Kenneth Andrews, 1545 Garfield avenue, was employed as an assistant custodian. The specific assignment will be determined later.

It was decided to commend Miss Leigh Heller, Parkview grade school physical education teacher, on her election as a vice-president of the Illinois Association for Health, Physical Education and Recreation. She is president of the Southwestern District of the association.

Permission was granted for the Granite City high school band to participate in its annual tour May 4-9 to Houston and Galveston, Tex.

The board approved entering into an agreement under which St. Louis University will provide student practice teachers in the Granite City district.

The Baptist Church Association will host a youth musical program, "Tell It Like It Is," Dec. 8 in the GCHS auditorium. No admission will be charged and no collections will be taken at the performance.

The GCHS cafeteria will be the scene of the annual awards banquet of the Granite City Area Council of Parent-Teacher Associations in February. Teachers who reported for work Sept. 9 are to be paid for that day Dec. 12 on the basis of 1/182 of their basic pay for the school year.

It was decided to advance the secretary of the pupil personnel administrator and athletic director from class II to class III in line with her 12-month duties.

Approval was given, pending state ratification, for local and state payments toward the tuition of a boy attending the Central Institute for the Deaf.
